

Hospice wins Construction Award

Cutler Associates and Suncoast Hospice bring home a 2011 Excellence in Construction Award

Cutler was honored to receive a 2011 Excellence in Construction Award from the Florida Gulf Coast Chapter of Associated Builders and Contractors, Inc. for their extraordinary efforts that went into building a peaceful and serene home for individuals living with advanced illnesses. This beautiful facility represents the collaborative efforts between the Design-Build team of Cutler Associates and Collman & Karsky Architects and Suncoast Hospice. The hospice house combines the best of skilled health care teams, volunteer commitment and shared compassion. Cutler is very proud of our partnership with Suncoast Hospice in producing this award-winning facility.

Cutler was also very honored to be awarded three additional Merit Awards from the Florida Gulf Coast Chapter of Associated Builders and Contractors, Inc. for their quality work at [Fivay High School in Pasco County](#), [Hillsborough Community College's new Gold LEED Student Services Building](#), and the City of Tampa's New Tampa State Park.

Founded in 1972, Cutler Associates, Inc. is a 100-person construction management and design build firm with offices in Tampa, Orlando, Lakeland, Jacksonville, Worcester, MA and Allentown, PA. The company specializes in new construction, renovations and additions in the scholastic, corporate/industrial, governmental and elder care markets.
